

## ARTICLE XXXVI

### ACCESS TO PERSONNEL AND MEDICAL RECORDS

**Section 1. Personnel Records:** Each Team will, within ten (10) business days after a written request of any player, permit the player to inspect and copy his individual personnel file and any other document which objectively relates to his performance and which in turn relates to any grievance. Each Team may, at its discretion, exclude from an individual player's personnel file subjective coaching and scouting reports, attorney-client privileged material, attorney-work product, or any other subjective material.

**Section 2. Medical Records:** Any player may examine his medical and trainers' records in the possession of the Team or Team physician, once during the pre-season and again after the regular season. In addition, any player or former player may obtain a copy of his medical or trainers' records upon request during the off-season. Any player's personal physician may, upon presentation to the Team physician of an authorization signed by the player, inspect the player's medical and trainers' records in consultation with the Team physician or have copies of such medical and trainers' records forwarded to him for his exclusive and confidential use in rendering a medical opinion, which records will not be released by the player's personal physician to any other person, except as required by law.
